

Golden City C.D.C., Inc.

Parent Volunteer Contract

Though the school year, there is a need for parents to work in collaboration with the school. Having parents as volunteers strengthens the relationship between parents, students and the school. It is very important that the students have their parent's support and be involved in their school and education. It also gives parents the opportunity to complete the 25- service hour requirement for the school year.

Please complete the following information and check the appropriate space or spaces (grey boxes) in which you will be able to volunteer at Golden Wings Academy.

Child's Name		Grade/Room:	
Child's Name		Home Number
